knows ev - ery-thing we need.

3. When a powerful few control the economy destroying the livelihood of many people, there is a small voice saying...

4. When people work for many jobs with little pay or have no job at all, facing poverty, hunger and a bleak future...

5. When violence and hatred become daily events, making war, oppression and death seem normal...

6. When natural resources are quickly diminishing, leaving nothing for the next generation...

7. Let us seek first the realm of God, striving together for a just peace, And when problems surround us like mountains, weakening our spirit to strive, there is a small voice saying, "God knows..."
